

Important Meeting Opportunity With Jim Holland & Upcoming WPLA Board Meetings

Monday October 14 at 6:45 pm **Special Guest: Jim Holland, Dale District Supervisor** **Swim & Racquet Club**

The WPLA Board of Directors has invited Jim Holland, our representative to the Chesterfield County Board of Supervisors to meet with residents of Woodland Pond on Monday, October 14. This is an important opportunity to have direct communication with our elected official concerning the proposed Cypress Glen development.

As you may know, the Cypress Glen Development will impact the Woodland Pond neighborhood as well as Woodland Pond Lake. Some of the important concerns to be discussed with Mr Holland include:

1. We want to ensure that the storm water plan for this development is modern and satisfactorily addresses the siltation of our lake, since our lake is the BMP retention pond for Woodland Pond. Handling of storm water also affects water quality which can be negatively impacted from lawn fertilizer run-off and septic tank seepage (this affects lake levels of nitrogen, phosphorus and E. coli levels).
2. It is vital to protect our wildlife and that they be treated in accordance with Federal and State Federal laws. Many of us enjoy our Bald Eagle population and the Bald Eagle is federally protected. Our population of the Barking Treefrog and Little Brown Bat are Virginia protected species.
3. We must ensure that Lakefront lots in Cypress Glen are mandated to join the WPLA and that housing construction will not diminish the values of existing properties.

We urge all WPLA members, as well as all residents of Woodland Pond, to attend this meeting. A great turnout by WPLA members and WP neighbors will show we really care about our community.

Note: WPLA members are invited to remain for a meeting of the WPLA Board of Directors, immediately following our time with Supervisor Holland.

WPLA Board of Directors **Monday, October 7 at 7:30 pm** **Conference Call**

There will be a special conference call meeting of the WPLA Board of Directors to discuss proposals to address the leaking valve problem on October 7. All members are invited to attend.

We are using the ZOOM conference call system.

- To join the meeting by phone only, call: 646-876-9923 and the Meeting ID is: 983 642 7224
- To join the meeting by computer, smartphone or tablet, click on the link:
